Membership Development Officer (Rotarian Bill McCauley)

- Membership is the lifeblood of Rotary, to assure our future. It is our responsibility to actively find and recruit new members to our club, we must risk being refused, please take time to explain what rotary is, how

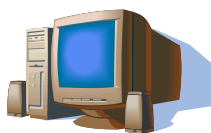

we help our local community and the wider world. Let us know of someone who may be interested, we can assist and advise. It is also important to retain our current membership, rotary is fellowship.

Attendance has been extremely poor over the holiday period, please make a point of attending and encourage others, it may only be a reminder or the offer of a lift. It is hoped to invite interesting speakers, do let us know of someone. Walter Barnett.

Congratulations to John Byrne on winning the “Rotarian of the year” well deserved.

Also to Miss Laura Buchanan, a pupil of Royal & Prior who gave a talk on her experiences to the European Parliament in Brussels, she acted as an ambassador for her school and rotary.

It is hoped to run a computer class for beginner’s to help with e-mail, Skype, buying online, looking up information using internet explorer and basic editing of digital photos; this is open to Rotary members and friends. Duration is over three evenings, one and a half hours per classes, to be held in the Doneyloop Youth Club, Castlefin, on a Thursday Nights. There is a small fee of £30, half of this fee will be donated to the Rotary Club. It will be fun and easy so have a go, ring John Byrne 00353 7491 46644

Photographs – We are interested in any photographs take recently, which will be printed in our newsletter or an old photograph of the town, your family (permission must given), or an event in the past

I again ask Rotarians to supply items of interest, we the editorial panel need your help

Every once in a while, take the scenic route (photo taken at Castle Archdale, Enniskillen)
